RE: Backend / Python Developer

Dear Hiring Manager,

Please consider my application for the Web Developer position. I believe that my skill set and experience match well with your needs. I have included my resume for your review and look forward to learning more about remitchoice.com.

Skilled Software Engineer with 2 years of experience in the industry. Highly adept at handling various responsibilities by prioritizing my tasks, establishing clear deadlines, and finding creative solutions to eliminate obstacles. My experience has equipped me with the necessary tools to succeed in this position:

- Database Development
- Web Development
- Backend Development
- Python (Django, FastAPI)
- Java (Swing, JavaFX)
- PHP (Laravel)
- Machine Learning Model Implement

While I am grateful for the opportunities I was afforded in my prior position, I am ready to embark on a new career path that offers new challenges for me to put my skills to use.

I've attached my resume with additional work experience and qualifications details. If you have any questions, please feel free to contact me.

Sincerely,

Mohsan Yaseen
